AUSTIN, TX - Epicor Software Corporation, a global leader in [business software solutions](#) for manufacturing, distribution, retail and services organizations, today announced [The Nilson Report](#), [the payment industry's most trusted source of global news and statistics](#), has reported that Epicor Payment Exchange is the fastest-growing payment processor listed in the Top Merchant Acquirers in the United States report. The Merchant Acquirer issue (March 2014), highlights the 506 percent year-over-year growth of Epicor Payment Exchange from 2012 to 2013.

"Epicor Payment Exchange is a great solution for our business in many ways," said Kyle Little, eCommerce and IT manager at Little Hardware Company in Charlotte, North Carolina. "With this solution our processing fees are on average 8.4 percent less every month. In addition, PCI compliance, reporting and daily

reconciliation is easier and administration for devices is centrally managed and stored in a secure location."

Launched in 2012, [Epicor Payment Exchange](#) is a complete credit and debit payment processing solution for Epicor customers, leveraged by merchant relationships and designed to provide simplified compliance and better service to users securely managing authorization, settlement and reporting. In only two years, Epicor Payment Exchange has quickly grown to manage over \$1.6 billion in annual retail payments.

"The Epicor Payment Exchange solution has been a great business decision for us," said Nick Kachadoorian, IT manager at Klem's Tractor in Spencer, Mass. "It's a tried and proven tool, seamless to install and we were up and running in no time at all. This solution has allowed us to reduce per transaction costs, while at the same time provided us with a better display of transactions on our monthly statements."

"Payment is an integral aspect of managing retail operations," said Matt Mullen, general manager of Epicor Payment Exchange. "This jump in rank recognized in The Nilson Report accurately displays the value our customers are obtaining through their use of Epicor Payment Exchange."
